

CMYK DISTRIBUTORS ANNOUNCES

# Filter Klear™

Fountain Recycling System

## Eliminate Wastewater in the pressroom

Filter Klear utilizes advanced nanofiber technology featuring ceramic nanofibers on a micro-glass matrix. They provide outstanding reduction of virus, bacteria, cysts, endotoxin and many other submicron particles through both electro-adhesion and mechanical processes.

The result is ZERO discharge and Zero waste of incoming water

Keep your tank running clean

### Benefits:

- ◆ Zero discharge
- ◆ Biofilter technology
  - cuts odors and bacteria
- ◆ Lightweight and portable
- ◆ Easy to install
  - connects directly to press via air supply hose
- ◆ Cost-effective
- ◆ Reduces press downtime and maintenance
- ◆ Enhances print quality
  - prevents dust and gunk in water trays
  - better hickey control
  - less plate wear
  - less scumming
- ◆ Decreases fountain solution consumption cost

The economical Litho Filter will reduce your costs and increase the productivity by extending the life of your fountain solution.
