## CMYK Distributors to Showcase the Latest Innovations in Pressroom Automation and Waste Reduction Technology at Graph Expo 2012

*Interested in saving time, money, and the environment? Visit Digital Information Booth #448 to learn how.*

Weymouth, MA- (September 10, 2012) – CMYK Distributors, Inc. is pleased to announce that they will be joining Digital Information in Booth #448 at Graph Expo 2012 in Chicago, IL from October 7 - 10, 2012 to demonstrate cutting edge advances to the world renowned InkZone product line, including the recently released InkZone Version 6 and InkZone Instrument Flight by System Brunner; Digital Information's unmatched double-sided Preproofer; and Digital Information's all new PP490, an unprecedented print concept for double-sided, high-end output in Epson quality. They will also be showcasing Keystone Corporation's Filter Klear ReKlaim Fountain Solution Recycling System I & II, introducing U.S. audiences to the Filter Klear ReKlaim II's all new, unique, harness system developed by Keystone Corporation to accommodate multi-tank filtration.

The CMYK Distributors, Inc.'s Graph Expo 2012 product line-up includes:

**InkZone Ink-Presets & Closed Loop Solutions-** Delivering state-of-the-art ink key presetting technology for almost all offset presses via network and the first closed-loop color solution for digital ink control on offset presses from all leading manufacturers. By integrating InkZone, printers can realize substantially shorter makeready time and a reduction in paper waste, paired with considerably-improved color quality.

**InkZone Version 6-** InkZone Version 6 is the latest iteration of the InkZone solution featuring benefits and new functionalities including simplified setup, the ability to monitor trends and track job history, utilization of a rollback feature to revert ink key positioning, the creation of ink key preset linearization curves based on measurement data, and the use of BestMatch to print according to ISO standards and to drive spot colors into LAB targets.

**InkZone Instrument Flight® from System Brunner-** InkZone Instrument Flight® from System Brunner is a comprehensive new solution for color control, process diagnosis and quality assessment, allowing users to harness the power of the world's leading closed-loop instrumentation with the most sophisticated technology in standardization and printing process verification.

**Preproofer-** The Preproofer is the world's leading system in double-sided proofing. Equipped with Epson's latest line of Stylus Pro large-format printers, the Preproofer brings a substantial increase in printing speed and color fidelity. In addition to double-sided proof production, the Preproofer has migrated to a low-cost digital printing system for short runs or advance editions.

**PP490-** The PP490 is Digital Information's newly developed inkjet system for fully automated, double-sided printing of sheets up to the 17" x 24" (DIN A2) format, capable of producing high-grade photo book pages, art reproductions, color proofs, point-of-sales prints, and other commodities with superior inkjet quality.

**Filter Klear ReKlaim I & II-** Utilizing advanced nanofiber technology featuring ceramic nanofibers on a micro-glass matrix, Filter Klear ReKlaim I & II provide outstanding reduction of calcium, virus, bacteria,

cysts, endotoxin and many other submicron particles through both electro-adhesion and mechanical processes, filtering particulates down to .002 microns.

#### **About Digital Information**

Digital Information. was founded in 1990 in Switzerland by Michael Haenni and Christoph Bugs, both IT specialists with a background in media. Today, the company is internationally recognized in the graphics industry for the quality and ROI of its ink-presets and closed-loop technology products. In close collaboration with a growing number of partners, Digital Information develops and produces software and hardware based solutions for the graphics industry. With several thousand installed licenses, DI-Plot has become a standard name in the graphics industry. The InkZone product line, launched by Digital Information in 2001, has enabled commercial printers to integrate their existing and new presses into their digital networks. For additional information on Digital Information, visit [www.digiinfo.com](http://www.digiinfo.com).

#### **About CMYK Distributors, Inc.**

CMYK Distributors, Inc., headquartered in Weymouth, MA, is the leading distributor and installer of graphics and printing products that bring automation and waste reduction technology to the industry, while conserving environmental resources. CMYK Distributors, Inc. is the exclusive distributor of Digital Information products in North America, including the renowned InkZone product line. CMYK Distributors, Inc. also has exclusive U.S. distribution rights to Filter Klear ReKlaim I® and Filter Klear ReKlaim II® Fountain Solution Recycling Systems by Keystone Corporation, a Met-Pro company. For more information on CMYK Distributors, Inc.'s products and services, visit [www.cmykdistributors.com](http://www.cmykdistributors.com).

#### **About Met-Pro**

Met-Pro Corporation, with headquarters at 160 Cassell Road, Harleysville, Pennsylvania, is a leading niche-oriented global provider of product recovery, pollution control, fluid handling and filtration solutions. The Company's diverse and synergistic solutions and products address the world's growing need for clean air and water, reduced energy consumption and improved operating efficiencies. Through its global sales organization, internationally recognized brands, and operations in the United States, Canada, South America, Europe and The People's Republic of China, Met-Pro's solutions, products and systems are sold to a well-diversified cross-section of customers and markets around the world.
